With such easy fitting and a technical helpline to help you should you have any difficulty the **SIMPLEGLIDE** is a perfect solution for DIY enthusiasts, who want a bespoke product that will create a real impact on the look of your home with a quick and simple installation.

SIMPLEGLIDE

Specifications

A superb door that is fully automated!

The **Roller Garage Door** is automated as standard making it easy and convenient to use. The motor is covered by a 5 year warranty. The door is operated via remote control and includes a bulk head light and two transmitters. A safety edge and manual override are included as standard.

The ultimate space saving solution

Now it's possible to make the most of your garage space. A combination of vertical opening, only 300mm headroom required for the roll and only 75mm at each side for the guide rails enables you to maximise the space available.

Made to measure for the perfect fit

The **Roller Garage Door** is made to measure to the nearest mm. The door has a **minimum overall size of 2000mm wide x**

2050mm high and a **maximum overall size of 4800mm wide x 2500mm high**.

Satisfaction that's guaranteed

The **Roller Garage Door** is guaranteed against defect of material workmanship (subject to correct installation, maintenance and operation) for a period of two years from the date of purchase. The motor is covered by a 5 year warranty and the remote control handset and receiver by a 2 year warranty. The remainder of the warranty details are available on request.

Safety first **CE**

All **Roller Garage Door** doors are checked and **CE** marked for your safety.

Choice Of Colours

The **EasyGlide** is available in 11 standard RAL finishes and 3 textured woodgrain finishes. Guide rails are available in mill white or brown finish; end plates are mill finish only. Please note: the colour of the bottom slat may vary slightly from the rest of the door.
